## Award-Winning Food

Fincher's Bar-B-Q's award-winning food is beloved throughout Georgia.

## Catering

Let us cook a delicious meal for your next party or other event.

“

*"Nothing less than 5 stars!! We've had 5 generations eating your BBQ and when driving to North Carolina from our home in Florida, we always drive out of our way to get to Fincher's off Hartley Bridge Road to get some BBQ for the trip!! Thanks for the service."*

Heather

“

*"I grew up eating at this place! Miss eating here but every time we visit Macon I stop by for a pig."*

Dianne

“

*"Best BBQ in the world! The Fincher family has been doing it right for many, many years!"*

Sandy

“

*"Houston Avenue store rules! #1 location by far. Driven from Warner Robins many times to get the absolute best. Not to say I don't visit other stores at times, can't always make it to Macon, but love my Fincher's!"*

Tracy

## NON-SURGICAL TREATMENTS FOR FIBROIDS

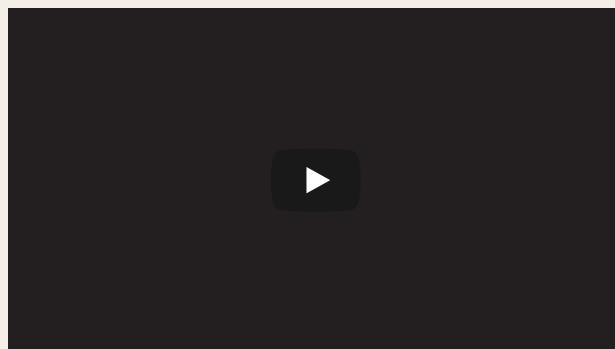

Our board-certified VIRA physicians are experienced interventional radiologists (IR's), offering minimally invasive solutions for a patient's health problems.

- Using image-guided support, VIRA's doctors use micro-instruments to access the root of the problem, intervening with precision, without large incisions, so most patients go home the same day and recuperate much quicker.
- Interventional radiology (IR) therapies significantly reduce the risk of infection to patients.

[All reasons there's an IR in MIRACLE!](#)

VIRA's new outpatient therapy suite in north Macon not only offers patients personal care and convenience but also a sterile, trusted treatment environment. While our treatments are innovative and technologically advanced, we practice medicine the old fashioned way. At VIRA, you are always seen by a physician for diagnosis and treatment.

Interventional Radiology is the medicine of the future and VIRA's physicians are at the forefront of new treatments. In 2016 Dr. Art McCain was one of the first ten physicians in the world to simultaneously ablate a spinal tumor while stabilizing the spine. This procedure has quickly gained acclaim as a giant step in pain relief for cancer patients.

# Experienced, Compassionate, & Skilled.

VIRA Physicians offer nonsurgical therapies to treat and relieve:

- Uterine Fibroids (uterine fibroid embolization)
- Varicose Veins
- Spinal Compression Fractures (vertebral body augmentation)
- Cancer (chemoembolization and Y 90's)
- Migraine & Cluster Headaches (sphenopalatine ganglion block, SPG or headache block)
- Nerve Pain

Uterine Fibroid Embolization (UFE) offers an alternative to hysterectomies. This nonsurgical therapy performed by VIRA's interventional radiologists will effectively shrink and treat uterine fibroids without major surgery.

VIRA's interventional radiologists (IR's) will coordinate closely with your Ob-Gyn to explore whether you are a candidate for UFE which goes straight to the root of the fibroid problem without surgery. Take our assessment to see if you are a candidate.

## VARICOSE VEIN TREATMENT

Varicose veins are swollen, ropey, gnarled veins that can cause:

- throbbing pain
- severe swelling
- heavy tired legs

This medical disorder affects 25 million Americans including one-half of all people over the age of 50 and two-thirds of all women over 60. Most of these people have suffered with varicose veins for decades. Sometimes patients suffer from problematic venous reflux and leg pain without any appearance of varicose veins.

## SPINAL FRACTURES

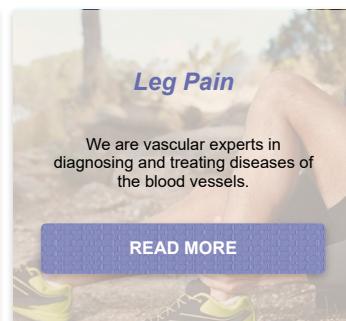

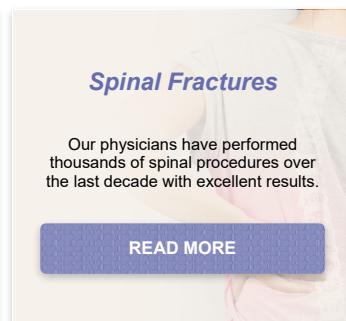

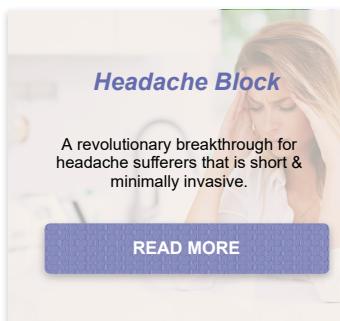

A spine fracture occurs when one of the bones in the vertebral column breaks or compresses. This typically results in sudden and severe back pain which is out of proportion to the activity that caused it. The pain usually persists for weeks or months and may be disabling.

Traditional treatment for spinal fracture has been bed rest with pain medication. However, medical advances now offer a proven, minimally invasive procedure that can repair the fracture, relieve the pain, and allow you to resume your normal activities.

## IT ALL STARTED AT THE SHACK

The love of great BBQ and close-knit communities had to be shared.

### THERE REALLY IS A SHANE!

Family. Hard work. Darn-good BBQ. That's what Shane Thompson built his business around. In 2002, Shane ditched his corporate job, tossed his tie and followed a dream with his wife, Stacey. He dusted off his grandfather Big Dad's secret BBQ recipe and opened up the very first Shack in McDonough, GA.

It wasn't long before the community noticed how he always gives people more than what they pay for and treats everybody like family. Oh, and making the best bbq around helped too.

# Call US for Catering!

478-951-0904

From overalls to tuxedos, Shane's Rib Shack has you covered.

With years of experience in corporate catering, wedding catering, lunch catering or a home get-together, no party is too big or too small for us!

## We'll Bring The Shack Right To You

Shane's catering will always show up on time, set-up your order, supply utensils and think of all the little details. That leaves you plenty of time to take in all the compliments.

Delivery. Full service. Day or night. Big or small. We've catered to them all, so we understand that no two events are alike. We'll work with you to make sure everything is just how you want it to b
